Underwater Room Brochure

Encapsulate yourself in *turquoise*

Imagine yourself encapsulated within a turquoise blue bubble, watching shoals of reef fish swimming lazily by - sometimes in three or four layers of different species above the reef floor. This is the heart-stopping experience that awaits you in the Underwater Room.

The floating structure, Swedish engineered, provides three levels, those above the water clad in local hardwood, and each an experience in itself.

A three-level floating island

Rooftop

Starting at the top, this level features a sunbed perfect for daytime sunbathing. At night, lie back under the stars and marvel at the clear view of the stars, planets, and the Milky Way, all without light pollution. Drift to sleep to the soft murmuring of the sea.

Landing Deck

Next, as you descend the stairs, you'll reach the middle landing deck! This level features a cozy lounge area, a small kitchen with a fully stocked bar fridge, and a bathroom with a toilet and shower (all waste is efficiently managed via a septic tank and cleaned on land). Enjoy a drink in the lounge while watching the sunset, or grab your fins and snorkel to explore the unique coral reef surrounding the room.

Underwater Bedroom

Finally, descend the ladder into the magical underwater bedroom. Enjoy the thrill of lying on a soft double bed surrounded by almost 360 degrees of glass, offering stunning views of reef fish and rare visitors. Residents like batfish and trumpet fish, along with shy creatures like squid attracted by underwater spotlights, make for a captivating experience. Coral is starting to grow, and octopuses and Spanish dancers occasionally adorn the glass.

How it works The practical details

After lunch, your adventure starts with a 2-minute boat ride over the crystal-clear waters of the Manta house reef to the Underwater room, about 250 meters from shore.

Upon arrival, your service fundi and boat captain will show you around your private floating island before leaving you to explore on your own. Settle in and enjoy a light tropical lunch with cold drinks at your leisure.

Snorkels and fins are provided for exploring the vibrant blue hole with its coral heads and marine life. Relax with sundowners on your deck, then have dinner at a time of your choosing with your fundi.

After dinner, you'll have the room to yourselves, with breakfast served at a pre-arranged time. Meal times and dietary preferences can be discussed in advance.

Check-out is at 11:00.
